CYBER SECURITY & DIGITAL RESILIENCE IRELAND 2027

Conference & Exhibition

17th June 2027

Crowne Plaza, Santry, Dublin

B2B Conference & Tabletop Exhibition

Connecting the organisations strengthening cyber security, compliance and digital resilience across Ireland.

PEOPLE.
PARTNERSHIPS.
A MORE RESILIENT
IRELAND.

Overview

Cyber Security & Digital Resilience Ireland is a focused B2B conference and tabletop exhibition bringing together the people responsible for protecting organisations, systems, data and operations with the technology providers and specialists helping them reduce risk and strengthen resilience.

As cyber threats grow, regulation tightens and operational resilience becomes business critical, organisations need practical insight and trusted partners. This event creates a compact, high-value environment for learning, networking and face to face commercial conversations.

The conference and tabletop exhibition will explore:

- Cyber threat landscape, ransomware and emerging risks
- NIS2, DORA, GDPR and governance responsibilities
- Incident response, business continuity and recovery
- Identity, access management and zero trust
- Cloud, data, network and application security
- Supply chain risk, OT security and critical infrastructure
- AI, automation and the future of cyber defence

IDEAS.
CONNECTIONS.
STRONGER
ORGANISATIONS.

Why Exhibit?

Position your organisation at the centre of Ireland's cyber security and digital resilience community.

Raise Awareness Of Your Brand

Raise awareness of your capabilities with an audience focused on cyber security, compliance and resilience.

Present Your Solutions Face To Face

Use the tabletop format to have direct, practical conversations with buyers and decision makers.

Build Relationships & Develop New Markets

Connect with organisations across Ireland that are reviewing suppliers, services and strategic partnerships.

Demonstrate New Technology

Showcase platforms, services and expertise in a focused live environment.

Generate Sales Leads

Meet qualified prospects and create high value conversations with organisations actively exploring solutions.

Build Your Database

Use the event to strengthen your pipeline and support future follow up and marketing activity.

Understand The Market

See how the market is evolving and how competing suppliers are positioning their offer.
